## iD

# Distinguish yourself in three easy steps

ORCID provides a persistent digital identifier (an ORCID iD) that you own and control, and that distinguishes you from every other researcher. You can connect your iD with your professional information — affiliations, grants, publications, peer review, and more. You can use your iD to share your information with other systems, ensuring you get recognition for all your contributions, saving you time and hassle, and reducing the risk of errors.

# STEP 5 : SET THE VISIBILITY LEVEL

## Create your ORCID iD

This is step 3 of 3

### Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, what visibility should be given to new items added to your ORCID Record?

-  **Everyone** (87% of users choose this)
-  **Trusted Organizations** (5% of users choose this)
-  **Only me** (8% of users choose this)

# STEP 6 : VERIFY EMAIL ADDRESS

The screenshot shows an ORCID profile page with a modal dialog box in the center. The modal has a title bar that says "Please verify your primary email address" and a close button (X). The main content of the modal includes:

- An information icon (i) followed by the title "Please verify your primary email address".
- A message: "You need to verify your primary email address in order to access all of ORCID's editing features."
- Instructions: "To verify your email please click the link in the message we have sent to: **norazrina@uitm.edu.my**"
- A section titled "I don't have the verification email" with the text "Click the button below and we will send you a new one." and a blue button labeled "Resend verification email".
- A "Need help?" section with the text "Visit our [knowledge base](#) or contact the support team at <https://support.orcid.org/hc/en-us/requests/new>".

The background shows the ORCID profile interface with a sidebar on the left containing sections like "Emails", "Websites & social links", "Keywords", and "Countries". The main content area has sections for "Employment (0)" and "Education and qualifications (0)", each with an "Add" button. A "Printable version" link is visible in the top right corner of the profile page.

# STEP 7 : CHECK AND VERIFY EMAIL ADDRESS

## ORCID

Thank you for creating your ORCID identifier. Please verify your email address to complete your registration and gain access to manually edit your record: click the following link and sign into your ORCID record. If you can't click the link, copy and paste it into your browser's address bar.

[Verify your email address](#)

<https://orcid.org/verify-email/WWNYU2JxZVVsbFVXTTFQNZzeThVbE9jRElxc09qUIFGSDRCcXRPQTdVUFUyUVRraHZUZNVNmK1R24vRG5oQQ?lang=en>

Your 16-digit ORCID identifier is 0000-0002-2432-6465, and your full ORCID iD and the link to your public record is <https://orcid.org/0000-0002-2432-6465>

### Next steps:

**Check your email and  
verify your email address**

#### 1. Add more information to your ORCID Record

Access your ORCID record at <https://orcid.org/my-orcid> and add more information to your record. If you haven't already done so, we strongly recommend that you add more than one email address to your account, since our system checks names and email addresses to prevent the creation of duplicate records.

Funders, publishers, universities, and others use the information contained in your ORCID record to help reduce the record-keeping they ask from you. Increase the information you can share by adding other names you are known by, professional information such as your affiliation, biography, and keywords, funding you have received, and works you have created or contributed to your record.

See our tips for six things to do now that you have an ORCID iD. For tips on adding information to your ORCID record see: <https://support.orcid.org/hc/articles/360006896894>

#### 2. Use your ORCID iD when publishing, applying for grants, and more

Many systems ask for your ORCID iD in order to create a link between you and your research outputs and affiliations. Using your ORCID iD, and granting organizations permission to update your record whenever they request this will help you get credit for your work and reduce time spent on future record-keeping.
